

**JOHN R. BLACK**, Sworn for the State. I am the party referred to in the above affidavit of Mr. John W. Coleman, and that I did so exhibit the hairs recovered from the factory and delivered to me as the hairs recovered by Barrett on the lathe of the National Pencil Company, and the hairs examined by said J. W. Coleman are the same hairs recovered and said J. W. Coleman did as above indicated stated upon examining said hairs at the city police headquarters, that to the best of his knowledge and belief they were the hairs of Mary Phagan, who was killed. These hairs examined and referred to in the above affidavit of Mr. Coleman are the same hairs that were delivered to Dr. Harris at the State Capitol, I being present when said hairs were delivered to Dr. Harris.
